Index of Authors

Abt, D. A., 98
Adams, Eugene W., 122
Adams, O. R., 557
Aldana, Luis, 1291
Alexander, A. F., 1083, 1094, 1098, 1112
Allen, F. E., 923
Ames, Edward R., 295
Andersen, A. C., 348
Anderson, G. C., 218
Anderson, R. K., 730
Appleton, G. S., 827

Balazs, T., 602
Baldwin, J. N., 551
Bankowski, R. A., 1207, 1283
Barron, C. N., 835, 1263
Bartley, Clara H., 923
Battilana, Guido, 1291
Beare, J. L., 602
Bedell, David M., 278
Bendure, J. D., 1227
Berberian, D. A., 819
Berman, David T., 1143
Bienvenu, René J., 313
Bild, C. E., 408
Bilkovich, F. R., 743
Binns, Wayne, 1164
Bleicher, Norman, 415
Blobel, H., 1313
Bloch, Jack, 395
Blood, Benjamin D., 446
Blosser, T. H., 212
Boda, J. M., 215
Bogart, Ralph, 956
Boisvenue, Rudolph J., 1038
Boria, Thomas, 343
Bowen, J. M., 73
Bridges, C. H., 1176
Brinsfield, T. H., 352, 428, 435, 595
Brito-Babapulle, L. A. P., 883
Brobst, Duane F., 105
Brody, Gerald, 460
Brown, Richard W., 88
Brown, W. R., 644
Burns, M. J., 997
Bustad, L. K., 1189
Butcher, John E., 300
Byrne, R. J., 939

Calhoun, M. Lois, 1018
Carbrey, E. A., 159
Cardinet, George H., III, 980
Carroll, L. H., 1176
Cartwright, S. F., 1207
Case, Arthur A., 355
Casey, H. W., 1189
Chang, S. C., 822, 939
Cheney, John M., 295

Younger, Royce L., 367, 659

Index of Subjects

A

Adrenocorticotrophic Hormone, The Influence of Frequent Blood Sampling of Calves upon Their Response to Exogenous, 565

African Horse Sickness—with Emphasis on Pathology, 235

African Swine Fever Virus, Immunologic Studies on. II. Enhancing Effect of Normal Bovine Serum on the Complement-Fixation Reaction, 756

African Swine Fever Virus, Quantity Production of Leukocyte Cultures for Use in Hemadsorption Tests with (Scient. Note), 381

African Swine Fever Virus, Serologic and Immunologic Studies with, 450

Albumin-like Protein in "Mastitic" Milk, An. I. Physical, Chemical, and Immunologic Identification, 723

Aleutian Disease, Characterization of Blood Serum Proteins from Mink with, 168

Aleutian Disease with Urine, Experimental Transmission of (Scient. Note), 1066

Altitude-Induced Pulmonary Hypertension in Cattle, Pulmonary Vascular Pathology of High, 1112

Anaplasma Antigens, Biochemical and Biophysical Characterization of Soluble. Anaplasmosis. VIII, 472

Anaplasma Antigens, Immunoserologic Properties of Soluble. Anaplasmosis. IX, 478

ANAPLASMA MARGINALE

- Biologic Properties and Characteristics of. II. The Effect of Sonic Energy on the Infectivity of Whole Blood Preparations, 278
- Further Studies of Morphologic Features with Phase Contrast and Light Microscopy (II), 713
- The Growth and Survival in Deer and Sheep of the Parasites Present in the Blood of Calves Infected with the Oregon Strain of. Anaplasmosis. XII, 697
- Immunoserologic Characteristics of the Parasites Present in the Blood of Calves Infected with the Oregon Strain of. Anaplasmosis. XI, 688
- Morphologic Characteristics of the Parasites Present in the Blood of Calves Infected with the Oregon Strain of. Anaplasmosis. X, 676

Anaplasma ovis Infection in White-Tailed Deer (Dama virginiana), Experimental. Anaplasmosis. VII, 567

ANAPLASMOSIS

- Complement-Fixation Antigen Production, 483
- VI. Studies and a Hypothesis Concerning the Cycle of Development of the Causative Agent, 267
- VII. Experimental Anaplasma ovis Infection in White-Tailed Deer (Dama virginiana), 567
- VIII. Biochemical and Biophysical Characterization of Soluble Anaplasma Antigens, 472
- IX. Immunoserologic Properties of Soluble Anaplasma Antigens, 478
- X. Morphologic Characteristics of the Parasites Present in the Blood of Calves Infected with the Oregon Strain of Anaplasma marginale, 676
- XI. Immunoserologic Characteristics of the Parasites Present in the Blood of Calves Infected with the Oregon Strain of Anaplasma marginale, 688
- XII. The Growth and Survival in Deer and Sheep of the Parasites Present in the Blood of Calves Infected with the Oregon Strain of Anaplasma marginale, 697
- XIII. Studies Concerning the Nature of Autoimmunity, 703
- XIV. The Isolation and Characterization of an Autohemagglutinin, 709
- XV. Morphologic and Chemical Properties of the Antigen Used in the Capillary Tube-Agglutination Test, 985

Studies of Bovine Erythrocytes in. III. Partition of Erythrocytic Phospholipids, 283

Anemia of Baby Pigs, Normochromic, Microcytic, 39

Anemic Cattle, Using Iron-59, Evaluation of an Erythropoietic Factor in the Blood of, 307

Anesthesia on the Blood of Equine Animals, The Effects of Intravenous Ether, 993

Animal Reproduction Congress, Travel Grants for, 1070

Anthelmintic Activity of Thiabendazole and an Organic Phosphate (CI 38,023) in Lambs, Controlled Test of the, 337

Anthelmintic Activity of Two Organic Phosphorus Compounds and Phenothiazine in Sheep, 69

Anthelmintic Effects of 2,6-Diiodo-4-Nitrophenol Against the Gapeworm, Syngamus trachea, Preliminary Studies on the, 1038

Anthelmintic in the Horse, Critical Tests of Thiabendazole as an, 1217

Anthelmintics—The Effect of Micronized Purified Phenothiazine on a Resistant Strain of Haemonchus contortus, Selection of Nematodes Resistant to, 670

Antigenic Substances Isolated from Filtrates of Vibrio fetus Broth Cultures, 1313

Apholate (an Alkylating Agent) in Sheep—A Preliminary Report, Toxicologic Studies and Associated Clinical and Hematologic Effects of, 659

Arginine in Dog Kidney Cells Infected with Infectious Canine Hepatitis Virus, Microspectrophotometric Comparison of Deoxyribonucleic Acid with, 1007

Arthritis Produced Experimentally in Swine, The Pathology of Mycoplasma hyorhinis, 19

Ascaris suum, Larvicidal Activity of Dithiazanine Iodide Administered in Feed to Pigs with Artificial Infections of, 460

Asteroid Hyalosis in the Dog, 1256

AVIAN SPECIES

- Avian Xanthomatous Lesions, Lipids in, 1280
- Broilers, Eimeria maxima—Pathogenicity and Incidence in Georgia, 174
- Chickens, Effect of Dithiazanine Iodide on the Body Weight and Proventriculus of, 355
- Chickens in Antibody Response to Newcastle Disease Virus, The Effect of Bursectomy of, 832
- Chickens in Cell Cultures, Development and Ether Sensitivity of Infectious Bronchitis Virus of, 822
- Chickens, Newcastle Disease Virus in Tissue Culture Cells Derived from, 580
- Chickens Vaccinated with Formalin- and Beta-Propriolactone-Inactivated Newcastle Disease Vaccines, A Comparison of the Immune Response of, 827
- Chicks, The Effect of Dimetridazole on Blood Pressure, Respiration, Heart Rate, Body Temperature, and Hatchability of (Scient. Note), 1063
- Duck, Perosis Secondary to Naturally Occurring Muscle Necrosis in the, 1030
- Pigeons, Attempts to Recover Bovine Mucosal Disease Virus from Artificially Infected (Scient. Note), 880

B

Babesia, Electron Microscopy of Canine and Equine, 408

Barbiturate Depression, The Effect of Dimefline on Acute Canine, 1227

Bayer ME 3625 in Fasciola hepatica Infections of Sheep, Comparative Therapeutic Efficacy of Carbon Tetrachloride, Hexachloroethane, and, 52

BEAGLE—See CANINE SPECIES

(Behavior) Physical and Behavioral Analysis of Dog Vocalizations, 415

Bephenium Hydroxynaphthoate Against Ostertagia ostertagi and Cooperia oncophora in Experimentally Infected Calves, The Efficacy of, 295

Beta Cells in Sheep Pancreas, A Method for the Differential Staining of (Scient. Note), 215

Beta-Propiolactone-Inactivated Newcastle Disease Vaccines, A Comparison of the Immune Response of Chickens Vaccinated with Formalin- and, 827

Biopsy Technique, A Rumen (Scient. Note), 218

Bladder, Neoplastic and Proliferative Lesions of the Bovine Urinary, 105
Bläschenausschlag (Coital Vesicular Exanthema), Studies of the Etiologic Agents of Infectious Bovine Rhinotracheitis and, 501

BLOOD—See also ERYTHROCYTES

BLOOD
Cultures, Morphologic Changes Occurring in Canine Microfilariae Maintained in Whole, 402
in Bovine Lymphosarcoma, A Correlative Study of Bone Marrow and Peripheral, 515
of Anemic Cattle, Using Iron-59, Evaluation of an Erythropoietic Factor in the, 307
of Cattle, The in Vitro Incorporation of Tritium-3-Thymidine into the Mononuclear Cells of the Peripheral, 94
of Equine Animals, The Effects of Intravenous Ether Anesthesia on the, 993
of Swine, The Effect of Hemolytic and Nonhemolytic Escherichia coli Endotoxin on the. Studies on Hemolytic Escherichia coli Associated with Edema Disease of Swine. III, 324
Samples, Canine Filariasis—The Influence of the Method of Treatment on Measurements of Microfilariae in, 395
Sampling of Calves upon Their Response to Exogenous Adrenocorticotrophic Hormone, The Influence of Frequent, 565
Serum Enzymes as Diagnostic Aids in Canine Heart Disease, 1271
Serum Proteins from Mink with Aleutian Disease, Characterization of, 168
Vessels of the Portal System of Cattle, Improved Equipment for Catheterization of (Scient. Note), 212

Bluetongue Virus in Sheep, Preliminary Investigations on Insect Transmission of, 1195
Bone Marrow and Peripheral Blood in Bovine Lymphosarcoma, A Correlative Study of, 515
Bone Marrow of the Cat, The, 1012
Bordetella bronchiseptica by Simple Biochemical Tests, Differentiation of Pasteurella pseudotuberculosis and, 871

BOVINE SPECIES
Bovine Brucellosis, with a Review of the Literature, The Standardization and Use of the Complement-Fixation Test for the Diagnosis of, 1143
Bovine Coccidiostats, Trials of Candidate, 743
Bovine Enteric Viruses, Biologic Characteristics of Certain, 545
Bovine Erythrocytes in Anaplasmosis, Studies of. III. Partition of Erythrocytic Phospholipids, 283
Bovine High Mountain Disease, Pulmonary Arteriographic Studies of, 1094
Bovine High Mountain Disease, Pulmonary Vascular Pathology of, 1098
Bovine Lymphosarcoma, A Correlative Study of Bone Marrow and Peripheral Blood in, 515
Bovine Lymphosarcoma, Base-Line Lymphocyte Counts Relating to, 98
Bovine Milk, Characterization of a 12 S Brucella Agglutinin from, 730
Bovine Mucosal Disease Virus from Artificially Infected Pigeons, Attempts to Recover (Scient. Note), 880
Bovine Preputial Fluid, Using Millipore Filters and an Antibiotic Medium, Isolation of Vibrio fetus from, 749
Bovine Pulmonary Vasculature, Normal Structure of, 1083
Bovine Respiratory Infections. II. Field Trial Using Bacterial Vaccine Products as a Means of Prophylaxis, 1137
Bovine Rhinotracheitis and Bläschenausschlag (Coital Vesicular Exanthema), Studies of the Etiologic Agents of Infectious, 501
Bovine Rhinotracheitis Virus in a Quantitated Virus-Cell Culture System, Properties of Infectious, 1158
Bovine Rhinotracheitis Virus in Experimentally Infected Cattle, Distribution and Persistence of Infectious, 510
Bovine Semen, Relationship Between Certain Laboratory Criteria and Fertility of Frozen, 136
Bovine Serum on the Complement-Fixation Reaction, Enhancing Effect of Normal. Immunologic Studies on African Swine Fever Virus. II, 756
Bovine Serum, Role of Magnesium in Brucellacidal Activity of, 313
Bovine Tarsus, Synovial Fluid from the Normal. I. Cellular Constituents, Volume, and Gross Appearance, 112
Bovine Tarsus, Synovial Fluid from the Normal. II. Relative Viscosity and Quality of Mucopolysaccharide, 537
Bovine Tarsus, Synovial Fluid from the Normal. III. Blood, Plasma, and Synovial Fluid Sugars, 735
Bovine Teat Canal Keratin, The Antistreptococcic Activity of, 122
Bovine Urinary Bladder, Neoplastic and Proliferative Lesions of the, 105
Bovine Vibriosis, Artificial Stimulation of Resistance to, 951
Bulls, Studies on Brucella abortus Infection in, 1152
Calves, Experimental Transmission of Shipping Fever in, 287
Calves Infected with the Oregon Strain of Anaplasma marginale, Morphologic Characteristics of the Parasites Present in the Blood of. Anaplasmosis. X, 676
Calves Infected with the Oregon Strain of Anaplasma marginale, Immunoserologic Characteristics of the Parasites Present in the Blood of. Anaplasmosis. XI, 688
Calves Infected with the Oregon Strain of Anaplasma marginale, The Growth and Survival in Deer and Sheep of the Parasites Present in the Blood of. Anaplasmosis. XII, 697
Calves, Physiologic Rumenectomy of Dairy. I. Growth and Health Data, 933
Calves, The Combined Effect of Pasteurella multocida and Myxovirus Parainfluenza-3 upon, 939
Calves, The Efficacy of Thiabendazole and Bephenium Hydroxynaphthoate Against Ostertagia ostertagi and Cooperia oncophora in Experimentally Infected, 295
Calves upon Their Response to Exogenous Adrenocorticotrophic Hormone, The Influence of Frequent Blood Sampling of, 565
Cattle, A Rapid Complement-Fixation Test for Identification of Vesicular Stomatitis Virus in (Scient. Note), 1060
Cattle Against Staphylococcic Mastitis, Vaccination of Dairy, 923
Cattle and Sheep, Serologic Tests for Theileria cervi in White-Tailed Deer and for Other Species of Theileria in, 784
